

Atascadero Land Preservation Society (ALPS)

Scholarship Application

Due April 30, 2022

ALPS is a local, private, non-profit, 501 (c)(3), conservation organization founded in 1989. Our mission is to preserve environmentally significant open space, undeveloped natural land, and native trees in Atascadero.

ALPS is providing a scholarship for a graduating senior who is pursuing higher education with a focus in environmental science or other environmental or conservation related fields such as forestry or natural resources. The recipient will be invited to the June board meeting to make a statement about their interests and goals, and receive their monetary award.

Requirements

- Have a GPA of 2.5 or greater
- Have applied and been accepted to a university, college, junior college, vocational, technical, or trade school
- Have participated in a volunteer event with focus towards the environment (desired)
- Submit a one page letter stating interests and goals (see below)

In the letter, please include your cumulative GPA, school and extracurricular activities, what college you plan to attend, what major you are declaring, what possible occupation you plan to pursue, what has helped you make that decision, and what you hope to achieve long term with your education.

Please submit letter to: info@supportALPS.org with the subject "Scholarship Application."
