

# Pacific Hound's Tongue

*Cynoglossum grande*

This perennial appears in January with broad tongue-shaped leaves, smooth above and hairy below. Foliage is soon followed by tall spikes of flowers. Disappears each summer only to emerge larger the following winter.

### Three Bridges Trail

A map of the Three Bridges Trail area. The trail is shown as a red line starting from a 'Trailhead' near Atascadero, crossing a river (blue), and ending at Morro Bay. A road labeled '41' is also shown. A compass rose indicates North (N), South (S), East (E), and West (W). Below the map, the text reads: 'Escanear el código QR para español.'
