

Commendation

Presented to the

Atascadero Land Preservation Society Three Bridges Oak Preserve & Trail Project

WHEREAS, the Three Bridges Oak Preserve is a 103 acre undeveloped parcel located in the City of Atascadero which consists of unique native vegetation representative of both the mountains and interior valleys of California's central coast; and,

WHEREAS, the Atascadero Land Preservation Society (ALPS) owns the property and, through multiple agencies and community partners, obtained funding to establish a trailhead, construct a multiuse trail system, and provide cultural and natural resource informational signage; and,

WHEREAS, ALPS worked together with the City of Atascadero to develop both a trailhead and a multi-use trail system open to the public, providing access to a beautiful, natural area for residents and visitors to enjoy; and,

WHEREAS, the Project provides public access to the beautiful Three Bridges Oak Preserve area and trail system, which features a hiking, biking and horseback riding trail; and,

WHEREAS, the ALPS team spearheaded the overall project and trail construction, and spent countless volunteer hours to build the trail, incorporating every idea possible to make it both an enjoyable and rewarding experience.

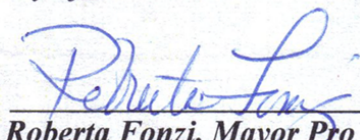

NOW, THEREFORE, we, the **City Council of the City of Atascadero**, do hereby recognize and commend the Atascadero Land Preservation Society for their dedication to protecting and preserving the environment while helping to provide public access to a beautiful and unique property and trail system within our community.
